## REPORT OF SELECTMEN

Early in the year 1942 the town suffered the loss of Selectman George Hatch. Mr. Hatch had been serving as chairman of the Board of Public Welfare and was in charge of all phases of relief work as well as being on the Board of Assessors. Mr. Hatch was deeply interested in the affairs of the town and very conscientious in performing the duties of his office. The loss of Mr. Hatch was a very real loss to the town.

It was fortunate that during the interim of the illness of Mr. Hatch that the selectmen had secured the part time services of Mr. George L. Tormey of Taunton, who has had many years of experience in handling relief work in Taunton. Mr. Tormey has acted as investigator and advisor to the Welfare Board. Mr. Tormey has been very efficient and tactful in this work and has furnished the Board with up to date reports on all relief cases in the town. He has been ably assisted in this work by Miss Bernice Andrews.

We feel that Mr. Tormey has very effectively served the interests of the town in giving fair consideration to every recipient of relief in the town. In a few cases the investigation has shown a need of an increase in the amount of assistance given. In a number of cases the investigation has resulted in a reduction in the assistance given or the discontinuance of the case.

Because of the improvement in employment conditions due to the war effort there has been a considerable reduction in the cost of relief during the past year.

The WPA was discontinued late in 1941 so that no money was needed for this purpose in 1942. In 1941 the WPA appropriation was \$4,000.00. The total cost for general relief in 1941 was \$6,633.54. While I do not have the final figures for 1942 the Town Treasurer figures as of Dec. 21st, 1942, showed the expenditure to that date was \$3,381.44 or a little more than half of the 1941 figure. Nearly all of the general relief cases this year were necessitated because of illness and hospitalization.

Eight hundred dollars was appropriated for Soldiers' Relief in 1942 but only \$261.71 was needed. There were no soldier relief cases receiving aid at the end of the year.

Sixteen hundred dollars was appropriated in 1942 for Aid to Dependent Children. At the beginning of the year there were four families receiving aid from this source. At the end of the year only one family was receiving such assistance.

During the past year or so there has also been a reduction in the number of Old Age Assistance recipients from 46 to 36. While the increased allowance for those receiving assistance has for the most part offset the reduction in the case load, the reduction in the number of recipients has held down the increased cost which would have resulted from the larger allowance.

#### **Financial Condition of the Town.**

For the first time in many years no money was borrowed by the town in 1942. At the time of this writing I have not seen the final report of the treasurer for 1942, but from present information available it would appear that the unexpended balances of 1942 would amount to about \$4,000.00. There are also several thousand dollars available resulting from unexpended balances of former years.

The funded debt of the town will be wiped out with a final payment of \$1,400.00 due this year on the school house note. It is suggested that the voters give consideration to the wisest use of this surplus cash.

WARREN L. IDE,  
Chairman.

## TOWN WARRANT.

Article 1. To hear the report of the Finance Committee and act thereon.

Article 2. To act on reports of town officers.

Article 3. To see if the town will appropriate a sum of money for the Public Library including the dog fund.

Article 4. To fix the compensation for the tax collector and treasurer for the ensuing year.

Article 5. To raise and appropriate sums of money for highways and bridges including an amount for bridge tender.

Article 6. To raise and appropriate a sum of money for schools, including supplies, high school tuition, salary of superintendent, transportation of scholars and repairs on buildings.

Article 7. To raise and appropriate a sum of money for salaries of Town Officers, incidentals, interest, fire department, public welfare, old age assistance, soldiers' relief and aid to dependent children.

Article 8. To see if the Town will vote to raise and appropriate definite sums of money for the administration expenses including supplies for the various departments of the Town or act thereon.

Article 9. To raise and appropriate a sum of money to be expended in suppressing the gypsy and brown tail moths, including private work.

Article 10. To choose a memorial committee and appropriate a sum of money for the same.

Article 11. To raise and appropriate a sum of money to be used in the cemetery and on the care of graves of soldiers and sailors.

Article 12. To raise and appropriate the sum of \$940.81 for the Bristol County Tuberculosis Hospital maintenance and repair.

Article 13. To raise and appropriate a sum of money for snow removal in the year 1943.

Article 14. To see if the Town will vote the amount per hour to be paid for labor, trucks and horses for highway department work or act thereon.

Article 15. To see if the Town will vote to set the amount per hour to be paid for labor, trucks, and autos relative to the fire department.

Article 16. To see what action the Town will take in regard to the removal of snow and to set the amount per hour to be paid for labor and trucks.

Article 17. To see if the Town will vote to raise and appropriate a sum of money for the purpose of purchasing a road scraper or act thereon.

Article 18. To see if the town will vote to raise and appropriate the sum of \$1,400.00 to be paid on the principal of the school house note or act thereon.

Article 19. To see if the town will vote to raise and appropriate a sum of money for compensation insurance for town employees or act thereon.

Article 20. To see if the town will vote to authorize the treasurer with the approval of the selectmen to borrow money in anticipation of the revenue of the current financial year, and to issue a note or notes therefor, in accordance with the provisions of Chapter 44 of the General Laws as amended.

Article 21. To see if the town will vote to authorize the treasurer, with the approval of the selectmen to sell at such time or times as may be deemed to be of benefit to the Town, certain parcels of land of low value taken by the Town at a sale held under the provisions of Sections 79 and 80 of Chapter 60 of the General Laws.

Article 22. To see if the Town will raise and appropriate a sum of money for mosquito control or act thereon.

Article 23. To see if the town will vote to raise and appropriate a sum of money for Civilian Defense or act thereon.

Article 24. To raise and appropriate a sum of money for certain unpaid bills of 1942 or act thereon.

Article 25. To see what action the Town will vote to take in regard to the use of free cash, overlay surplus, and unexpended balances of former years.

Article 26. To see what action the Town will vote to take in regard to raising and appropriating a sum of money for expenses of the Rationing Board, or act thereon.

Article 27. To see if the Town will vote to raise and appropriate a sum of money to be used in building a wall on Padelford Street, a portion of the money appropriated last year not having been spent, or act thereon.

Article 28. To see if the Town will vote to raise and appropriate a sum of money for the Reserve Account.

Article 29. To see if the Town will vote to amend Section 3 of Article 1 of the Town By-Laws by striking out the words, "first Saturday of March" and inserting in place thereof "The Saturday following the annual election of officers."

Article 30. To act on any other business that may legally come before the meeting.

Respectfully submitted,

FRANCIS F. T. ANDREWS,

Treasurer.

### AUDITOR'S REPORT

In auditing the town accounts for the year 1942, I examined the books of the tax collector and town treasurer, comparing the collections to the amount turned over to the treasurer together with tax titles and abatements granted by the assessors.

To verify the outstanding accounts, notices were sent to persons whose names appeared on the books as owing money to the town.

The treasurer's books were examined, comparing revenue to expenditures and balances, and checked in reference with duplicate statements issued to me from state, county, and town agencies.

WARREN M. IDE,  
Town Auditor.

Town Clerk.

## REPORT ON CIVILIAN DEFENSE

It is now nearly a year since Civilian Defense has been organized in earnest in Berkley. During that time a great deal has been done to acquaint people with the meaning of Civilian Defense.

The first step taken was to appoint leaders of the various divisions, and, in keeping with the spirit of patriotism inspiring people of all faiths and classes to volunteer for this phase of the war effort, I have endeavored to appoint from among those showing interest by attendance at meetings, persons whom I believed best qualified, for varying reasons, without regard for race, politics, or creed, which have no place in the defense of our country against the common enemy.

A problem which confronted us was the warning signals to be used in the event of blackouts, air raids, etc. Several methods were tried, including large electric sirens, but the large area of the town not served by electricity would not be well warned by these, while the cost was also a factor. It was finally decided to purchase inexpensive auto sirens, and to place these in strategic spots throughout the town. This method, while not entirely satisfactory, is the best yet devised to meet our conditions.

Protection against fire is one of Berkley's greatest problems. If a number of fires, or even one very large fire, were started, we would require outside help. Should this be unavailable, great damage might result. A number of hand sprayers were purchased to augment our fire department's equipment, but a great deal can be done, providing equipment is available to further equip our fire department. Sabotage by fire is a favorite method of the enemy to destroy our resources, and to combat this I urge every man and woman, every school child to be on the alert through the coming spring and summer months. Be careful—be over-careful—with matches, outdoor fires, etc., and report at once any fire, however small, to Mr. Babbitt. Remember, "Fire is the Friend of the Enemy."

A number of persons have taken first aid courses. This training may be as invaluable in peace as in war, as a knowledge of first aid is very helpful when accidents occur, and may, and has, saved lives.

Several practice incidents and blackouts have been held, and response by all concerned has been very gratifying. Only a negligent number of violations of blackouts and dimouts have been noted, and warnings have usually brought results. Since the army is very strict on these matters, rigid enforcement is necessary.

The Public Information Division plans the opening of an information Center. Here, with the co-operation of the War Services and Economy Divisions, information on all parts of the war effort will be available, including rationing, victory gardens, war savings, canning, nutrition, farm equipment availability, and many others. Take your problems to the Information Center. Watch the papers for news of its opening.

To all chairmen; to all the willing volunteers who have given their time, gas, and tires, and without whom nothing could have been accomplished; and to the townspeople for their willing co-operation; I wish in the name of and under the flag of the United States of America, to express sincere thanks.

FRANCIS F. G. ANDREWS,

Local Chairman.

## **SCHOOL COMMITTEE**

Arthur E. Robbins, Chairman, Berkley, Massachusetts.	Term Expires 1944
Mildred A. Babbitt, Secretary, Berkley, Massachusetts.	1945
William Cox, Berkley, Massachusetts.	1943

### **Superintendent**

E. Perley Eaton, B.S., M.A., M.Ed.

Residence: 76 Spring Street, North Dighton, Mass.

Office: Dighton High School, Segreganset, Mass.

Telephone: Dighton 3361.

Office Hours: 8:30-9:30 A. M., Monday through Friday.

### **Secretary**

Jessie A. Perry  
Dighton

### **School Physician**

Charles A. Briggs, M. D.  
Assonet

### **School Nurse**

Ruth A. Deane, R. N.  
Assonet

### **No School Signal:**

In case of severe storm a **no school notice** is broadcast from Station WEAN at 7:00 A. M. and at fifteen minute intervals until 7:45 A. M.

## REPORT OF BERKLEY SCHOOL COMMITTEE

In submitting its annual report, the committee would call attention to the report of the superintendent of schools. It is worthy of careful consideration.

During 1942, there were three changes in the teaching staff. William Kearns, teacher at the Berkley School, resigned in August to accept a teaching position at Weymouth, and to this vacancy thus created, the committee brought Miss Edna Smith of Taunton, a graduate of the State Teachers College at Bridgewater.

Miss Mary E. Hathaway, of Taunton, was the committee's choice to succeed Miss Mary G. Taylor, teacher at the Berkley School, who resigned in September to accept a teaching position at Everett.

Miss Barbara Allen, teacher at the Myricks School, resigned in November, to pursue a new field of work. This vacancy is yet to be filled.

Dr. Charles M. Souza, of Dighton, was elected in December, to serve as school physician, to replace Dr. Charles A. Briggs, deceased.

The committee accepted with regrets, the resignation of Mrs. Ruth A. Deane, R. N., in November, who had served as school nurse for the Berkley schools the past ten years. To succeed Mrs. Deane, the committee named Mrs. Ella Dillingham, R. N., of Berkley.

The finishing of the ceiling in the "unfinished" room at the Berkley School, is a progressive step accomplished this year, toward the completion of an auditorium, where school functions may be held. Additional double chairs have been purchased by the committee, to provide adequate seating capacity in this room.

New outside doors have been installed at the Myricks School, as well as many other repairs on the school building and the shed.

As a part of the repair program, the windows and outside doors at the Berkley School have been puttied and painted.

The committee anticipates that \$23,593.27 will be needed to cover the department's budget for the ensuing year. Reimbursement by the state will amount to approximately \$9,882.48, leaving an estimated net cost of \$13,710.79 to be borne by the town for the operation of its schools.

In preparing the 1943 budget, the committee has been careful to keep expenditures at a minimum, in order that the cost to the taxpayer may be as low as possible without sacrificing matters essential to the child's education. Two matters should be called to the attention of the voters:

1. Tuition costs per pupil at Dighton High School, for the 1942-1943 school year, have been increased from \$80 to \$87.50. A further increase to \$95 per pupil for 1943-1944 school year, will be borne by the town.

2. The committee anticipates increases in costs of materials, labor and teachers, for the coming year.

The committee meets regularly on the Wednesday, preceding the first Monday of each month, at the Berkley School, and it welcomes at any time, the opportunity of meeting with interested individuals in regard to problems affecting the schools.

Respectfully submitted,

MILDRED A. CARR BABBITT,  
Secretary, Berkley School Committee.

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee of the Town of Berkley:

I hereby submit my third annual report together with reports from the various other departments of the Berkley Schools, for the year ending December 31, 1942.

The year 1942 has been greatly influenced by War time problems. The teachers and pupils have been very busy with the various activities that will help in winning the War: War savings, salvage, rationing, transportation restrictions, new courses, war work, civilian defense, food raising, conservation and many others.

### WAR WORK:

Many pupils are leaving school to work in War industries. During this year more permits were issued than ever before. There were 67 working certificates granted to boys and girls from 14 to 21 years of age.

The State Law requires that children must not leave school, to work in industrial establishments, until they are 16 years of age. Farm labor and domestic service permits may be given to boys and girls from 14 to 16 years of age providing the applicant has passed the sixth grade. Parents should weigh the question carefully before deciding to allow their child to leave school. High wages may be temporary; whereas education will last throughout a life time. Keep your children in school as long as they can benefit by school attendance.

### AVIATION:

A great need for aviation knowledge has developed. The School Department in cooperation with the State and Federal Governments has attempted to develop a complete course in Aviation. Aviation information is being stressed in all classes. In the lower grades, stories dealing with aviation are read. In the middle grades, model airplanes are built. Aviation Clubs were formed in the upper grades in which Avia-

tion Current Events are studied as well as the design and equipment of the modern airplane.

#### DEFENSE PROGRAM:

The teachers and pupils of Berkley have urged all to buy war stamps and bonds. They can well be proud of their record. This is an active part of our School Program in that several years ago we started an Education for Thrift Program. Berkley was one of the first to start the sale of War Stamps and Bonds as part of the Thrift Program.

Our children have also worked hard in collecting fat, scrap metals, paper and rubber. The children last spring collected many pounds of rubber. This fall the children received the thanks of the Berkley Salvage Committee for their efforts and help in locating and bringing to their schools, many tons of scrap metal. As an example, many boys picked up as much as a ton of metal and placed it at the roadside to be collected during the Town Salvage Drive.

These projects have not caused us to lessen the work in the fundamental subjects of the grades. A year ago we decided **to do the work that we were doing and do it better.** With this in mind, and looking to a normal future, we have caused none of the social studies or fundamental subjects of reading, writing and arithmetic to suffer.

#### TEXT BOOKS IN THE SCHOOLS:

For many years the grades in Berkley and Myricks had inadequate text books. These books although written by good authors, were many years old, especially in Science was this true. The modern developments of Radio, Aviation, etc., were not developed when the books were written. Many new text books have been placed in the Berkley and Myricks schools, so that practically every student of every grade has a new and complete set of books in the following subjects: Reading, Spelling, Arithmetic, History, Geography, Science and Health.

The texts have been purchased during the years 1941 and 1942, the latest editions bearing on the most recent developments are included. These text books will aid much in the direction of the pupils toward a better understanding of their school subjects.

It is hoped that the pupils appreciate these books and will treat them accordingly. It is also hoped that the parents may have an opportunity to look through the books and see the developments in text book writing, the interesting illustrations and the complete, concise language at the child's grade level. Next year the need is in Grade 1, 2, 3, and 4, so the administration will continue the development in these grades.

During the school year our teachers have helped directly with the War effort in cooperation with the Berkley Civilian Defense. They have participated in the Rationing Program for sugar, gasoline and other commodities, together with the registration for the Selective Service. The teachers are ever willing to help in any way they can to do the work that is necessary to win the War. During the Rationing Program many people remarked that they had never been in the schools before and were pleased that they had come, even though it was for the duty of registering for commodities or for the draft.

#### FACULTY :

There have been several changes in the teaching faculty at the Berkley and Myricks schools. The town is indeed fortunate to be able to secure such good teachers in these days of high salaries.

The changes are listed in the faculty register which follows this report.

#### ATTENDANCE:

I believe that poor attendance is due to a restlessness in parents and children caused by the War Labor situation. Children and adults are looking for jobs that pay well and if they have a job they are looking

for one that will pay better. I hope that the parents will cooperate in sending their children regularly to school for: GOOD MARKS AND GOOD ATTENDANCE GO TOGETHER.

#### CONCLUSION:

In closing this, my third report, I wish to thank the School Committee, the teachers, the pupils and citizens for their help in the progress of the Berkley schools.

Respectfully submitted,

E. PERLEY EATON.

## **ANNUAL REPORT OF SCHOOL PHYSICIAN AND SCHOOL NURSE**

Mr. E. Perley Eaton,  
Superintendent of Schools,  
Berkley, Mass.

Dear Sir:

The annual report of the school physician and school nurse is hereby submitted.

The Well Child Conference sponsored by the State Department of Public Health was held in Myricks with 11 children of pre-school age attending. The same conference was to have been held in Berkley but owing to illness among the pre-school group, we were forced to postpone the conference until another year.

A Dental Clinic was held in the spring with 56 pupils attending.

A large group of children received the diphtheria immunization. A total of 35 attended the clinic.

The attendance at pre-school clinic was very small only six being present.

At the annual physical examinations, the pupils were found in good physical condition with the exception of posture which could only be considered fair for the school. We expect to see an improvement in this for posture is being emphasized throughout the classrooms.

An epidemic of measles was prevalent in Myricks during the spring months.

We wish to thank the parents and teachers who help to make our work successful through their cooperation.

Respectfully submitted,

CHARLES A. BRIGGS,  
School Physician.

RUTH A. DEANE, R. N.,  
School Nurse.

## REPORT OF THE MUSIC SUPERVISOR

Superintendent E. Perley Eaton,  
Berkley, Mass.

Dear Sir:

I take pleasure in submitting my annual report as Music Supervisor in the public schools of Myricks and Berkley.

Beginning with the first grade and on through all the grades attention has been given to an informal voice test separating the singers from the listeners. The "listeners",—those who have trouble in imitating a tone or in carrying a tune—are seated where they will receive the most help and in quite a few cases they showed a decided improvement in a very short time. The older pupils understand the procedure and accept it very naturally and the little children do as they are requested without any question.

A new emphasis was placed on Time Keeping instead of Keeping Time. This is done in grades two to six inclusive, and the good results became noticeable almost immediately in those classes where there was a prompt response. Pupils tapping full number of beats on the note or rest are pretty sure to have their attention focussed on the task in hand. The eye follows the hand.

The phonograph purchased last year has supplemented the class room work. Pupils enjoy listening to songs they already have learned and hearing them interpreted by another, or sometimes the children sing with the recorded voice. Records are played and the class listens for similar phrases, contrasted themes, song form, balance, whether the music is descriptive, melodic, or rhythmic. What is the character of the composition. The more that is learned about the selection the more meaning it has.

Since school opened in September there has been no departmental work in music. Each teacher has had charge of her own class. This makes for a smooth running schedule and in the case of the seventh and eighth grades gives more time for seat work where

formerly the uniting of these two grades into one choral group did not allow desk room for written lessons. Now each individual in the smaller class can be reached and helped. At the same time one does not have the inspiration that comes from a larger chorus. The classes from time to time have gathered in the assembly hall for simple folk games and to sing to piano accompaniment. More music drills as a physical training feature would be well worth while for good team work. The rhythm band augments the rote songs and is a very attractive addition to the lesson.

I have noted and always have appreciated the courtesy and cooperation given me at all times by the teachers and pupils of your schools.

Yours truly,

LOIS J. SNOW.
